Nobody likes traffic, but everyone loves relaxing poolside — so we named our outdoor chaise after the busiest freeway in the U.S.: The 405. Now you can skip work and say you're stuck on The 405 — without lying. Designed for sun and poolside lounging, it features a five-position adjustable back (including flat), a handy built-in shelf, and hidden wheels for easy moving. Made from durable recycled poly, it resists water, lotions, and spills, and its weight keeps it from blowing into the pool. Just don't try rolling it onto the on-ramp.
